

Which Organelle does  
PHOTOSYNTHESIS happen in?

What goes in here  
to start the cycle?

What goes in  
here to start  
the cycle?

What goes in  
here to start  
the cycle?

ADP+P  
NADP<sup>+</sup>

What is this  
Cycle called?

What is this Cycle called?

NADPH

ATP

Where does  
this Cycle occur?

Where  
does this Cycle  
occur?

What comes  
out of this  
cycle?

What comes  
out of this  
cycle?
